A VIEW ACROSS THE CAMPUS

Home of the University

Gainesville, the seat of the University, is one of the most healthful, attractive and progressive cities in Florida. It is noted for its well-kept and beautifully shaded streets, its fine public buildings and its handsome and hospitable residences. It has long been the home of a higher institution of learning and has a social, religious and educational atmosphere necessary for the best interests of the students. It is in the center of a prosperous trucking section. The University lies in the extreme western part of the City, a mile from the Court House. The principal buildings are of the Tudor-Gothic type of architecture and are well adapted to the purposes for which they were designed. The campus is one of only two or three in the United States which, from the very beginning, have been laid out with a view to all possible future developments.

DRESS PARADE

THOMAS HALL

SCIENCE HALL

Special Features

Faculty strong in scholarship and in teaching ability.

Students have intimate personal acquaintance with their instructors.

Moral atmosphere excellent—athletics clean.

Flourishing social, athletic, literary and religious student organizations.

Services of resident physician free.

Buildings new, large and handsome –athletic fields ample.

Libraries, laboratories and shops fully equipped.

Expenses extremely low—opportunities for partial self-support.

Scholarships available –no tuition fees for Florida students except in College of Law.

Admission without examination to high school graduates.

No entrance requirements for many of the short, special and normal courses.

Forty-six in Faculty and Staff.

EXPERIMENT STATION GREENHOUSE

The University of Florida is the Capstone of the Public School System of the State

It Stands For—

Service to the Individual.
Service to the State.
Service to the United States.

It Stands For—

Service in Letters.
Service in Science.
Service in Education.
Service in Civic Righteousness.

Forty per cent. of all positions of trust and distinction are held by college-trained men, although only a few more than one per cent. of our youth have enjoyed the advantages of college life.

The chances for success of the high school graduate are two hundred times as great as those of the boy who ends his education with the common school; the chances of the college graduate are ten times as great as those of the youth who finishes with the high school.

MILITARY
STAFF

Are You Expecting to Stay on the Farm?

Our Agricultural courses will teach you to rob farming of its drudgery, and to make it as successful and dignified as any of the professions.

Do You Intend to be a Lawyer?

Graduates of our College of Law are admitted to the Florida Bar without examination.

Does Engineering in Any of Its Branches Attract You?

Our departments of Civil, Electrical, and Mechanical Engineering will fit you for your work.

Is Medicine to be Your Life-Work?

We prepare you to enter the best medical schools in the country.

Do You Expect to Teach?

Our Normal Department is prepared to train you for any branch of school work.

Is Chemistry Your Preference?

The demand for our graduates is greater than the supply.

Do You Wish to be of Service to the World?

University life trains your powers and prepares you to do a man's work.

Professor of Agriculture and Horticulture.

B. Agr., Iowa Agricultural College, 1897; Fellow in Agriculture, 1898-1900; M. S. A., Iowa Agricultural College, 1900; Professor of Agriculture and Station Agriculturist, Agricultural College of New Mexico, 1900-08; present position, 1908—.

H. G. KEPPEL, A. B., Ph. D.,

Professor of Mathematics and Astronomy.

A. B., Hope College, 1889; Graduate Student, Clark University, 1892-95; Mathematical Fellow, Clark University, 1893-95; Instructor in Mathematics, Northwestern University, 1896-1900; Mathematical Fellow, Clark University, 1900-01; Ph. D., 1901; Instructor in Mathematics, Northwestern University, 1901-08; present position, 1908—.

JOHN A. THACKSTON, Ph. D.,

Professor of Philosophy and Education.

A. B., Furman University, 1899; Principal Public Schools, Nanning, S. C., 1899-1901; Professor of Latin and Greek, Edgefield College, S. C., 1901-03; Superintendent City Schools, McColl, S. C., 1903-06; Graduate Student in Summer School, University of Virginia and University of Chicago, 1903-06; Fellow in New York University, 1906-08; Pd. M., New York University, 1907; Ph. D., New York University, 1908; Professor Mathematics, State Normal School, Winona, Minn.; present position, 1909—.

CHAS. H. KICKLIGHTER, B. S.,

Professor of Mechanical Engineering and Drawing.

B. S., Georgia School of Technology, 1902; Instructor in Mechanical and Electrical Engineering, Georgia School of Technology, 1902-06; Graduate courses Electricity and Steam Engineering, University of Wisconsin, 1906-07; Professor of Mechanical and Electrical Engineering, Newberry College, S. C., 1907-09; present position, 1909—.

MAJOR E. S. WALKER, U. S. A., Retired.

Commandant of Cadets; Professor of Military Science.

N. H. COX, B. S.,

Professor of Civil Engineering.

B. S , Florida Agricultural College, 1896; Instructor in Mechanical Engineering, Florida Agricultural College, 1896-98; Special Student, Cornell University, Summer Quarter, 1902; Professor of Mechanical Engineering and Drawing, Florida Agricultural College, 1898-1904; Professor pro tem. of Civil Engineering, University of Florida, December, 1904-June, 1905; present position, 1905—.

W. L. FLOYD, M. S.,

Professor of Biology.

B. S., South Carolina Military Academy, 1886; Principal Clio School, 1888-89; Principal Cypress High School, 1889-1892; Instructor in English, East Florida Seminary, 1892-96; Graduate Student, Harvard University, Summer School, 1903; Professor of Natural Science, East Florida Seminary, 1896-1905; Professor of English and Science, Normal Department, University of the State of Florida, 1905-06; Graduate Student, University of the State of Florida, 1905-06; M. S., University of the State of Florida, 1906; present position, 1906—.

ALBERT J. FARRAH, A. M., LL. B.,

Dean of the College of Law and Professor of Law.

University of Michigan, 1884-85 and 1894-96; LL. B., University of Michigan, 1896; Instructor in Law, University of Michigan, 1897-1900; A. M., Cornell College, Mt. Vernon, Iowa, 1906; Dean of the College of Law of Stetson University, 1900-09; present position, 1909—.

HARRY R. TRUSLER, LL. B.,

Professor of Law.

Arizona Normal School, 1896-1900; Principal of Schools, Enid, Oklahoma, 1900-03; University of Michigan, 1903-06; LL. B., University of Michigan, 1906; practiced law, Enid, Oklahoma, 1906-08; Professor of Law, Stetson University, 1908-09; present position, 1909—.

WILLIAM KIXMILLER, A. B., J. D.,

Assistant Professor of Law.

Ph. B., University of Chicago; J. D., University of Chicago.

MECHANICAL DEPARTMENT

STUDENTS AT WORK AT FORGE

The University is YOURS. It is owned and paid for by the people of the State. Florida has, with great liberality, placed the expenses so low that it is within the means of everybody. The equipment is here, the men are here; will you not take advantage of all this, for your own benefit?
